

# EXCELLENCE VISIONS TRAINING & CONSULTANCY

**Company Profile**

**[www.ex-visions.com](http://www.ex-visions.com)**

## Education in Kingdom of Saudia Arabia

Education in Saudi Arabia is the basic foundation through which we achieve the aspirations of our people towards progress and advancement in science and knowledge

We are not worried about the future of the Kingdom, but rather we look forward to a brighter future, which we can create - with God's help - with its human, natural, and acquired wealth that God has bestowed on it.

King Salman Bin Abdulaziz

Prince Mohammed Bin Salman

# Company Overview

## Message From The CEO

In the name of God, praise be to God, and prayers and peace be upon our master Muhammad, may God bless him and grant him peace. Our beloved Kingdom is witnessing a renaissance and revolution in all fields under the leadership of His Royal Highness Prince Mohammed bin Salman, may God protect him. Since human resources are the core of this renaissance, Excellence Visions Company has taken it upon itself to contribute to training and qualifying workers according to the best international standards in the field of training and consulting. It also seeks to provide a distinguished model that keeps pace with the rapid development witnessed by the training industry locally and globally, while maintaining the highest quality standards and in line with the Kingdom's Vision 2030.

Mr. Khalid Al Hazmi

CEO

# About Excellence Visions Training Center

- Based on the Kingdom's vision to develop and build a skilled workforce capable of serving Saudi society and the economy, and in line with Vision 2030 and the achievements that have positioned Saudi Arabia to compete globally, Excellence Visions Training and Consulting Company was established in 2015 to keep pace with the nation's ongoing development. Since its inception, the company has worked to meet the needs of customers across all sectors
- Since its establishment, its vision has focused on both the public and private sectors, as well as training individuals to target the largest segments of the Saudi economy. Its objectives have been designed to align with the Kingdom's promising future

## About Excellence Visions Training Center

Excellence Visions Company is one of the leading training and consulting firms in the Kingdom, specializing in the qualification and training of human capital. We strive to develop skilled professionals with high-quality training, in line with international standards, to contribute to building a vibrant society with a prosperous economy for an ambitious nation. We also believe that everyone should have the opportunity to benefit from our training and consulting programs.

### Vision

Excellence Visions aims to provide high-quality training programs in areas of national and regional importance, making a significant contribution to human capital development in the region, in alignment with the Kingdom's Vision 2030

### Mission

Excellence Visions is committed to assessing and meeting the dynamic training needs of the Saudi community. It delivers programs accredited by prestigious international and national organizations and, when necessary, introduces locally developed programs that adhere to the same high standards. Training is conducted using best practices from leading global training centres, with international program content customized to align with the unique requirements of Saudi society and the region.

## Our Goals

- Contributing to the development of human capacities and qualified professionals capable of meeting labor market demands.
- Designing training programs based on identified needs, utilizing the latest technologies in the field of training.
- Promoting the concept of partnership and collaboration with local and international institutions in alignment with global governance standards.

## Our Goals

- Offering consulting services tailored to the client's needs, ensuring the highest level of professionalism and quality.
- Enhancing the performance and efficiency of the company's trainers and employees, thereby strengthening its competitive advantage.
- Contributing to the promotion of a training culture and investment in human resources.

## Why Excellence Visions?

### Opportunities:

At Excellence Visions, we don't just offer training—we provide pathways to growth, innovation, and success. From upskilling yourself, reskilling for better expertise, or learning advanced tech stack, our programs are designed to open doors to a wide range of opportunities.

### Our Commitment to Partners:

We are committed to building long-term, trust-based relationships with our partners, focusing on understanding their unique needs. By aligning our solutions with your goals, we deliver specialized training, strategic consulting, and tailored programs to achieve measurable results and empower your team to excel.

### Achievements and Results

Our track record speaks for itself. We have successfully trained thousands of professionals across various industries, from governmental bodies to large corporations, helping them develop the skills they need to excel. Through our innovative approaches and commitment to excellence, we've consistently delivered outstanding results, earning the trust and satisfaction of our clients. From employee upskilling to executive leadership training, our programs are recognized for their high impact and relevance in today's ever-evolving landscape.

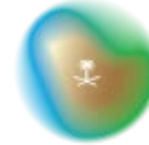

## Accreditation

We have in **Excellence Vision** for Training a number of international references and partnerships with prestigious knowledge houses and specialized international organizations to provide the best international practices in both its training and application aspects.

## Our Success Partners

Excellence visions, thanks to God, is highly trusted by many organizations and individuals in governmental and business sector through unique range of training and applied services which it offers. We are proud that we did not provide ordinary training services but rather contributed to helping our partners achieve real sustainable added value.

## 01 - Strategic objective

The project is linked to a strategic objective of Vision 2030, which is to enhance the role of the employee, raise his efficiency, and provide training opportunities locally and internationally.

## 02 - Analysis methodologies

Analyze the participants' needs through the results of assessing their capabilities and knowledge in the subject under training.

## 03 - Designing Training programs

Designing the training programs in line with the results of participants' needs analysis that helps them to effectively respond with the training.

## 06- Training methodology

Using the experiential learning methodology based on the interaction between the participating trainees and the trainer.

## 05- Implementing the project

Implementing the training project by relying on highly qualified and certified trainers to ensure training quality standards.

## 04 - Diverse training activities

Developing the participants' competencies through effective and diverse training activities to diversify between theoretical and practical training.

## 7 - Evaluating training outcomes

Evaluating the factors of the entire training process through an assessment at the end of each training session and trainer's evaluation of participants' interaction during the training course.

## 8- Project Reports

- Periodic reports at the end of each training course. Also Progress reports at the end of each stage of the project.
- Comprehensive reports at the end of the project reflect each phase.

## 9 - Full Support

Excellence vision uses its full capabilities to provide excellent service to NATPET Company to achieve its most important mission which is spreading knowledge.
